Who we are

Art. Lebedev Studio was founded in 1995. Today our team includes 300 of the country's best professionals in various design areas. Having started in graphic and web design, we've developed and kept expanding in several different directions. During our 15 years in the industry we completed about 2,000 projects of a great variety, a great variety including graphic and product design, interfaces, websites, illustrations, book publishing and even the restaurant business. Our website artlebedev.com sees 200,000 visitors every day.

About Artemy Lebedev

Artemy Lebedev was born in Moscow at the Grauerman maternity hospital on February 13, 1975 (birth height: 50 cm; birth weight: 3,500 g). He graduated from the Moscow high school #57 (humanitarian focus) and then continued his education at the Moscow State University School of Journalism.

In the summer of 1992, together with a partner, Lebedev established a design studio and worked there till the end of the year. In January 1993, he ventured out on his own and opened a new studio Artographika, where he took part in designing books and magazines. Since 1995, Lebedev has been working on Internet-based projects, founding the WebDesign studio. In 1998 the venture was renamed Art. Lebedev Studio and Lebedev is the studio's art director.

Art. Lebedev Studio's areas of expertise include: product design, graphic design, website design, interface design, editing, education, and advertising. Today there are about 300 employees in the company and Lebedev is the studio's art director.

Electronics

Optimus Popularis keyboard

SKU: V003903

Optimus Popularis is a compact keyboard with a big base screen that enables each key to be programmed to display anything from letters, to numerals, symbols, animation, or video.

A million of keyboards
in one

Keyboard dimensions

width 293 mm (11.5")
depth 186 mm (7.3")
height 19 mm (0.7")
key 17.5×17.5 mm (0.7"×0.7")

Each of the 78 keys

technology TFT
visible area 12.5×12.5 mm
(0.5"×0.5")
resolution 64×64 pixels
frame rate min 10 fps
colors 262K
viewing angle 160°

Optimus Popularis will work with any keyboard layout, language or symbols: Cyrillic, Ancient Greek, Georgian, Arabian, music notes, numerals, codes, math functions, special symbols, images, and so on to infinity.

The upper portion of the keyboard is reserved to display custom range of the most important information. The Fn key (bottom left) switches the functions of the right section of the keyboard, bringing up a calculator or page navigation when needed.

Software

Optimus Configurator software enables users to program each button to reproduce a sequence of symbols and edit images separately for each layout

For Optimus Configurator, downloads, and FAQ go to www.optimus.artlebedev.com

System requirements

PC with installed OS Windows XP, Vista, or 7; Mac OS X 10.5.1 or higher
USB 1.1 (or better 2.0)

Bestseller

Verbarius digital clock

SKU: V002354

Verbarius is the first clock in the world that tells time the way people do. It has five preloaded languages: English, German, Spanish, French, and Russian. You can easily upload any additional language you like—from Latin to Eskimoan—using the USB port.

Graphic LCD screen is glowing behind the tinted glass

Specifications

- Requires a 110/220 V power supply source
- Provided with a backup battery in case of power outage
- Power supply cord, USB connector, CR2032 battery, and 512 MB SD card included
- Dimensions (W×H×D): 200×70×42 mm (7.9"×2.8"×1.7")
- Weight: 1 kg (2.2 Lb.)

Package

Made in Taiwan

USB port is located on the back of the product

The hour-setting pictogram is easy to understand for both Russians (Час) and foreigners (Hour, Hora, Heure)

Choose-a-language button

Mus3 computer mouse

Mus3 cordless optical mouse not only controls the cursor on screen, but cleverly looks like one too. The new Mus model has a scroll wheel.

The scroll wheel also performs the right click action

- SKU
- linen V001429
 - anthracite V001430

A built-in power indicator in the handle lights up when the batteries are low or need replacing. Despite its unconventional shape, Mus3 fits well into your hand and feels comfortable.

Functionality

- Compatible with Windows and Mac OS X
- USB-connectable
- Signal range of at least 2 meters (6 feet)
- Frame speed up to 76 centimeters (30 inches) per second
- Optical resolution of 688 dots per centimeter (1750 per inch)
- Two AA batteries (included)
- Auto power saving mode when idle

Package

Made in China

New

Bulavkus USB flash drive

SKU: V004047

Bulavkus—a USB flash drive disguised as a classic safety pin—keeps your data safely pinned. For finding Bulavkus in a flash, simply fasten to any fabric material and spare yourself frustration of digging through pockets.

Mafia playing cards, official edition

SKU: V003247

Mafia is an explosive mixture of psychology and a detective story, usually played with a deck of cards. Unlike many other card games, this one has a known year of creation—1986—and a known author—Dmitry Davidov, who, not surprisingly, was a psychology student at Moscow State University. The Mafia quickly gained a following and spread worldwide.

Specifications
